Green Nest, LLC.**Green Nest, LLC.**

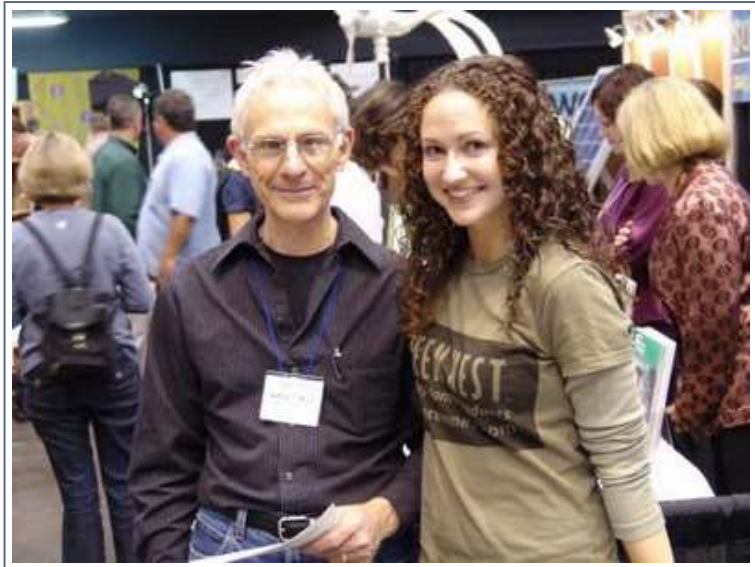

Ron & Lisa Beres

www.GreenNest.com

Phone: 888.Greenhome

The Green Nest company, founded by **Lisa Beres** (second from right) is one of the most innovative and industry leading companies. Long before the green movement was popular, Lisa began a journey toward better health and living and started Green Nest.

They are a friendly group of people who are leading the way in this industry with their outstanding products and services. Indeed, the basics of life, sleep, water and air all have a special place with this company.

As you can see, their outstanding exhibit booth was very busy during the recent Alt Build expo they attended. Lisa was very busy with a panel discussion she participated in before we got to her. How she constantly is on the go and where she gets her energy is a testament to her dedication and passion for what she does.

Stay tuned for the programming for the Green Nest, LLC company!

I saw your booth at the Alt Built Expo and loved the display. The information and products you provide are so helpful. You guys take the challenge out of living green!
